Mechanical mixers

Remark

The above listed products were not yet assessed for compliance with all Hygienic aspects as stated in the Dutch Drinking Water Decree and as outlined in the "Regeling materialen en chemicaliën drink- en warm tapwatervoorziening" ("Regulation on materials and chemicals in drinking water and warm tap water supply), implemented on 01 July 2017, as specified in clause 4.2 of the Kiwa Evaluation guideline BRL-K607.

Application and use

The mechanical mixers are designed for application within following limits of use:

- working pressure from 50 kPa up to 1000 kPa;
- water temperature of maximum 90°C.

The recommended limits for correct operation are:

- working pressure of 100 kPa up to 500 kPa;
- water temperature of maximum 65°C.

Marking

The Kiwa®-mark products are marked with the wordmark "KIWA".

Place of the mark:

· Kiwa on the body.

Compulsory specifications:

- name or mark of the manufacturer: on the body;
- indication of the acoustic group, if classified: on the body;
- indication of the flow rate class, if classified: on the body;
- Indication for temperature selection.

RECOMMENDATIONS FOR CUSTOMERS

Check at the time of delivery whether:

- the supplier has delivered in accordance with the agreement;
- the mark and the marking method are correct;
- the products show no visible defects as a result of transport etc.

If you should reject a product on the basis of the above, please contact:

- Hansgrohe SE
- and, if necessary,
- Kiwa Nederland B.V.

Consult the supplier's processing guidelines for the proper storage and transport methods.
