170-65401

EAN-Nr.: 5413736202221

4 års
garanti

Adapter 4 er beregnet til en Niko-dataudtag.

Tekniske data

Adapter 4 til dataudtag.

The adaptor has the indelible engraving 4.1 on the front and back. Suitable for integrating 1 Niko outlet. The outlet is clicked into the adapter along the back. The adapter is made of dark grey PC+ASA, complies with a filament test of 650°C and is halogen-free. On each of its 4 corners, the base is equipped with studs that ensure that the central plate is perfectly positioned in relation to the base. The adapter is equipped with snap hooks on the right and left sides that hold the central plate in place. The adapter can be clicked onto a mounting frame 45x45mm, a trunking system with a 45 mm cover height or onto an empty Mini-Patch distribution board with a 45x45 mm opening and is finished with a central plate for 1 outlet (with or without a transparent text field). Dimensions adapter 4.1: 45x45mm
