

M-BA03: Kit: Press+batt. + charge unit + case, linear drive 32 kN max Ø63

Commercial information

- Reduced weight
- Lighting of the workplace
- LED indicator for machine performance
- Li-Ion battery 18V - 3Ah
- 350° reach
- Automatic piston return

Certificates

Applications

Potable water, Heating, Cooling, Compressed air, Sprinkler, Underfloor Heating, Gas, Sanitary

Solutions

Building installations, Industry, Underfloor heating, Fire protection, Oil & gas, Utility, Shipbuilding

Technical characteristics

Operation	Battery (rechargeable)	Suitable for pipe diameter	16 63 Millimetre
Suitable for steel tube	✓	Nominal voltage	18 Volt
Forced process	✗	Battery capacity	0 Ampere hour
Automatic switch-off	✗	Number of included batteries	1
With case	✓	Length	575 Millimetre
With charging cradle	✓	Weight	8.9 Kilogram
