

## UFH-CMDSS03: Flow meter for MDSS manifold 0-5L

### Commercial information

Henco Flow meter for MDSS manifold 0-5L

#### Basic unit dimensions

Height	30 mm
Length	0 mm
Width	30 mm
Net weight	0.024 kg

#### Certificates

#### Applications

Underfloor Heating, Heating, Cooling

#### Solutions

Building installations, Industry, Underfloor heating, Utility

## Technical characteristics

Housing material	Other	Volume flow	0 5 Litre per minute
Material quality	Stainless steel 304 (1.4301)	Medium temperature (continuous)	5 55 Degrees celsius
Suitable for oil	✘
