Impact resistance – Fragmentation properties	Pass	
Durability	Pass	

Regulation 1907/2006 application

As regards our products it appears that they all come under the definition of article present in the Regulation (CE) N. 1907/2006 of the European Parliament and Council of 18th December 2006. In particular, within the meaning of art. 7 "Registration and Notification of substances contained in articles", comma 1 letter b), such articles are not subject to registration as any substances contained in them are not destined for release in normal or reasonably foreseeable conditions for use.
Moreover, it is pointed out that, still within the meaning of Regulation (EC) N. 1907/2006, the above mentioned articles, based on their characteristics, do not come under the obligations foreseen by art. 33 "Duty to communicate information on substances present in articles" as the percentage in weight of the substances held to be dangerous, within the meaning of the present regulation, is lower than 0,1% of the total weight of the article.
