

Finishing set for fourfold potential-free 24 V push button with LED and text field, gold coated

221-40350

Finishing set for a push button with four potential-free 24 V control buttons used to control various lighting points in one or more rooms. Each control button is equipped with an LED lamp and a label. By using the LED lamp, you know directly whether the light source is activated or not. You can easily add an icon to the label surface to designate your light points. Colour: gold coated.

Technical data

Finishing set for fourfold potential-free 24 V push button with LED and text field, gold coated.

- Function: the two keys (1 per 2 push buttons) are clicked onto the fourfold, potential-free push button at the bottom and the top and are held in place by the snap hooks on the base of the potential-free push button. The back of the two keys is equipped with two legs that push on the push buttons of the base when the key is pressed
- Number of buttons: 4
