

## Features

- Each LED filament contains special semiconductor chips delivering pure ultraviolet UV-A radiation- Wavelength peak 400nm is entirely safe for human exposure- Pure UV radiation with extremely low lumen output, which avoids masking fluorescence effects- Full glass construction with no external lacquer coating to peel or scratch off- IP54 water/dirt/dust resistant- Engineered in Belgium, Made in China- Applications include: lighting effects in entertainment venues, authentication of banknotes, passports & drivers licences, sensory rooms

## Product Overview

Product name	Blacklight A60 E27 SL
Technology	LED
Cap/Base	E27
Fixture rating	Open
E-number FI	4844492
Colour Variation Initial (SDCM)	9
Photobiological Risk Group	RG0
Wattage (W)	3.5
Product EAN number	5410288863023
