

UFH-DRY-FTAPE: SECOR Aluminium tape 50mmx25m

Commercial information

The UFH-DRY-TAPE is an aluminium tape used to fix mounting boards together. In this way, the seams remain air- and vapour-tight.

Basic unit dimensions

Height	105 mm
Length	105 mm
Width	50 mm
Net weight	0.370 kg

Certificates

Applications

Heating, Underfloor Heating, Cooling

Solutions

Underfloor heating, Building installations, Industry, Utility

Technical characteristics

Material	Aluminium	Width	50 Millimetre
