

AK-EK05VD: Adapter eurocone 3/4" to flat sealing

Commercial information

Plastic transition piece to go from euro cone 3/4" to flat sealing

Basic unit dimensions

Height	9 mm
Length	20 mm
Width	20 mm
Net weight	0.002 kg

Certificates

Applications

Heating

Solutions

Building installations, Industry, Utility

Technical characteristics

Material connection 1	Plastic (expired)	Bend radius	0 Millimetre
Material connection 2	Plastic (expired)	Length	20 Millimetre
Reducing	✗	Medium temperature (continuous)	-10 70 Degrees celsius
Eccentric	✗	Standard Dimension Ratio (SDR)	0
System specific	✓		
Nominal diameter connection 2	3/4 inch (20)		
Main colour fitting	Green		
Self-sealing	✗		
Ring stiffness class	Other		
With sealing rings/gaskets	✗		
Capped	✗		
With drain valve	✗		
FM quality mark	✗		
LPCB quality mark	✗		
ULC quality mark	✗		
UL quality mark	✗		
VdS quality mark	✗		
KIWA certified	✗		
Gastec QA mark	✗
