

## UFH-SCOTCH-66: Adhesive tape

### Commercial information

UFH-SCOTCH-66 is an adhesive tape that can be used to affix assembly panels to one another.

#### Basic unit dimensions

Height	38 mm
Length	102 mm
Width	38 mm
Net weight	0.161 kg

#### Certificates

#### Applications

Heating, Cooling, Underfloor Heating

#### Solutions

Underfloor heating, Building installations, Industry, Utility

## Technical characteristics

Material	Polyvinyl chloride (PVC)	Width	38 Millimetre
Colour	White	Length	102 Metre
Transparent	✘	Temperature resistance	-2 0 Degrees celsius
Fluorescent	✘		
Double-sided	✘		
UV resistant	✘		
Insulating	✘		
Self-extinguishing	✘		
Self sticking/amalgamating	✘		
Suitable for high voltage	✘		
Vulcanizing	✘		
Tearable by hand	✓		
Magnetic	✘
