

## 100-MR: Protection hose Red for $\text{\O}14\times 2, \text{\O}16\times 2, \text{\O}18\times 2$ 100m

### Commercial information

The protective sleeves are made from Polyethylene. This offers extra protection to pipes carrying water and gas during building works. Pipe sleeves can be supplied in different colors.

#### Basic unit dimensions

|            |          |
|------------|----------|
| Height     | 25 mm    |
| Length     | 1,000 mm |
| Width      | 25 mm    |
| Net weight | 0.058 kg |

#### Certificates

KIWA, KOMO

#### Applications

Potable water, Heating, Cooling, Compressed air, Sanitary

#### Solutions

Building installations, Industry, Utility

## Technical characteristics

|                                    |                   |                                   |                         |
|------------------------------------|-------------------|-----------------------------------|-------------------------|
| Material                           | Polyethylene (PE) | Suitable for pipe diameter        | 14 18 Millimetre        |
| Model                              | Closed            | Outer pipe diameter               | 25 Millimetre           |
| Type of locking                    | Other             | Interior inner diameter           | 20 Millimetre           |
