- Rotation 360° ensures efficient operation even in limited working space
- Housing made of insulating, shock-resistant polyamide, fibre-glass reinforced
- Ergonomic two-component handle for effortless one-handed operation
- Compatible with the press jaws of Novopress and Rothenberger, as well as with Klauke MAP2L19
- Manual return possible
- 2-year warranty or 20,000 cycles from the 25th cycle onwards, stored in the machine's memory
- LED indicators provide quick information about the status of the machine and the presses
- Monitor the performance of the device via USB interface and free software

### Basic unit dimensions

Height	410 mm
Length	480 mm
Width	110 mm
Net weight	9.693 kg

### Certificates

#### Applications

Potable water, Heating, Cooling, Compressed air, Underfloor Heating, Gas, Sanitary

#### Solutions

Building installations, Industry, Underfloor heating, Oil & gas, Utility, Shipbuilding

## Technical characteristics

Operation	Battery (rechargeable)	Suitable for pipe diameter	14 26 Millimetre
Suitable for steel tube	✘	Nominal voltage	18 Volt
Forced process	✔	Battery capacity	2 Ampere hour
Automatic switch-off	✔	Number of included batteries	1
With case	✔	Length	480 Millimetre
With charging cradle	✔	Weight	9.7 Kilogram
