

UFH-DRY-GLUEF: SECOR adhesive, 1 KG

Commercial information

Certificates

Applications

Heating, Underfloor Heating, Cooling

Solutions

Underfloor heating, Building installations, Industry, Utility

Technical characteristics

Application	Construction/installation	Max. temperature	25 Degrees celsius
Curing process	Other	Max. bonding gap	10 Millimetre
Colour	Brown	Viscosity	7 Pascal-second
Physical form	Liquid	Processing time	600 600 Second
Transparent	✘	Net weight	1000 Gram
Ready-made	✓	Volume	826 Millilitre
Waterborne	✘		
Waterproof	✓		
Packaging	Pot		
With brush	✘
