

UFH-P18-GP10: Gypsum fibreboard 10mm,flat for RENO12 system

Commercial information

Certificates

Applications

Heating, Cooling, Underfloor Heating

Solutions

Underfloor heating, Building installations, Industry, Utility

Technical characteristics

Edge finishing long side	Other	Length	1500 Millimetre
Edge finishing head end	Other	Width	1000 Millimetre
Colour visible surface	White	Thickness	10 Millimetre
Suitable for floor	✓	Weight	18 Kilogram per square metre
Suitable for ceiling mounting	✗		
Suitable for damp space	✓		
With insulation	✗		
Fire retardant impregnated	✗		
Suitable as plasterboard	✗		
With perforation	✗		
With decorative finish	✗		
Lead insert	✗		
Bendable	✗		
Suitable for fire protection of load-bearing constructions	✗		
Fixing	✗		
Suitable for outdoor application	✗		
Suitable for protection from radiation	✗		
Factory bent board	✗		
Glass-fibre reinforced	✗		
Fleece reinforced	✗
