

UFH-TM050-M: Thermometer for return with EK connections

Commercial information

Certificates

Applications

Underfloor Heating, Heating, Cooling

Solutions

Building installations, Industry, Underfloor heating, Utility

Technical characteristics

Indication	Analogue	Measuring range	0 100 Degrees celsius
Multiple display	×		
Thermal element type B	×		
Thermal element type E	×		
Thermal element type J	×		
Thermal element type K	×		
Thermal element type N	×		
Thermal element type R	×		
Thermal element type S	×		
Thermal element type T	×		
Thermal element RTD	×		
Measurement of differential temperature	×		
Measurement of relative air humidity	×		
Measurement of material humidity	×		
Measured value memory	×		
Interface	×		
Separate sensor	×		
Infrared measurement	×
