

ABB EcoSolutions™ – ABB i-bus© KNX Switch Actuators

Switching and controlling loads in all application areas
Switch to a smarter tomorrow

ABB i-bus® KNX Switch Actuators enable reliable switching and control of electrical loads in the KNX system, including lighting, signal devices, and more. With software-based applications for staircase lighting, scene control, and energy measurement, it offers versatile functionality for diverse needs.

Takeback
Products in scope of the EU WEEE

Lifetime
Products can perform in a more efficient way than originally planned for as the impact of a digital programming and updates over their complete lifetime

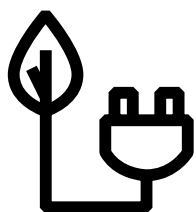

Design
Designed for long life time according to the standard EN50491
- MTBF (Mean Time Between Failures) > 10 years
(LINK to declaration)

Produced in a zero waste to landfill site
All non-hazardous waste is recycled, and we continuously work to minimize waste in our operations.

Third-party verified Environmental Product Declaration
EPD compliant with ISO 14025 Type III (externally verified), ensuring data accuracy and full transparency on the product’s environmental impacts throughout its life cycle.
