

# Walraven VibraTek® SA-3 Silent Absorber

(L20554)

silent rubber absorber for isolating metal to metal contact

## Features & benefits

- formed of two rubber parts which fit into each other, making it is suitable for various fixing plate thicknesses
- ideal isolation of HVAC equipment
- for use with M8 threaded rods
- a versatile viscoelastic two-piece rubber absorber for preventing metal-to-metal contact in joined or fastened surfaces
- simple installation
- prevents transmission of vibration and noise
- working temperature range -10 °C till 45 °C
